Our Story and Evolution

1995-2002

- Established the first molded chalk plant using Jordan's gypsum.

2003-2007

- Introduced dustless chalk using advanced extrusion techniques due to the availability of unique and abundant calcium carbonate.

2008-2009

- Expanded with semi-automatic extrusion lines, exporting to 50+ countries.

2013-2014

- Relocated to Karak Industrial Zone, increasing capacity by 40% and exporting to 100+ countries.

2011-2012

- Quadrupled dustless chalk capacity; factory visited by His Majesty King Abdullah II.

2010-2011

- Began crayon production to meet growing educational demand.

2015-2017

- Established and launched a modeling clay production plant.

2018-2021

- Expanded into jumbo chalk and upgraded dustless chalk production with advanced calcium carbonate processing.

2022-2023

- Launched gluten-free Dough and introduced Egg Chalk.

2026

- Expanded the product line with Air-dry Clay, Foam Clay, and Slime.

About Us

JordanChalk is a company established in 2002, today recognized as one of the biggest manufacturers in the world. With decades of experience, advanced facilities, and a strong commitment to quality, we provide chalk, crayons, modeling clay, dough, and accessories to 100+ countries across the world.
